Anne Leets

*"Anne Leets had a profound impact on my leadership development. When I first met Anne, I was so impressed by how well she listened. I felt I was 100% heard during our time together. She also asked very good questions, which guided me to my own conclusions. The most remarkable thing of all was Anne's ability to make complex issues become easy and solvable at the end of our conversations. I have grown years during our months together. I now have more confidence, clarity and competence and I couldn't have done it without Anne's coaching."

*"Anne, you are a big part of my leadership brand, and I thank you"
